E. SESSION SUMMARY:

— ~~the~~ ^{Subject} target is currently in the vicinity of Jericho. He is currently in a structure/compound with a fountain or artesian well. There is a microwave dish nearby; it's most prominent attribute is that it is pointing straight up. There is a narrow foot path which is used to climb upwards along a steep stone/rock or canyon wall. There is a ladder which leads from a passage way or access tunnel up a square well or tower to a level, open area.

— There is a small group of individuals who are desperate and expensive to hire. They have been following ~~the~~ ^{Subject} target for 3 or 4 ^{five} days. The impression is that they are from within the ~~target's~~ ^{Subject's} main group.

— There is an association between some stone ruins and a birthday-like celebration of some female relative of the ~~target~~ ^{Subject}, i.e. daughter, niece or sister, that the ~~target~~ ^{Subject} will attend. The ~~target~~ ^{Subject} will be present at this celebration when an attempt will be made by those individuals previously mentioned above. The individuals will be in place and waiting. They will be extremely careful to only hit the ~~target~~ ^{Subject} and none of his family.

— The ~~target~~ ^{Subject} also has plans to be involved with a gathering of people at a place reminiscent of the ruins in Petra, Jordan. There are plans for a much larger operation to occur there as well.

to include other assassination attempts on other heads of state.

The Iranians and Lebanese terrorist groups (Huzbollah) are the organizations who are angry with PLO chairman Yasser Arafat. It would be these groups/organizations who would be the most threatening to him at this time. However, ^{if it was} I do not perceived at this time that any harm will come to him. If there are attempts on his life, they will be thwarted. He is highly guarded and protected and many moderate Arab nations and Israel are depending on him for their ~~future~~ political and economic future.
